FEATURE	BENEFIT
Mild Flavor	Popular & pleasing taste for various culinary applications
Consistent Availability	No menu changes necessary during the year
No Additives or Chemicals	All-natural product, allows for a great sear
Wild Caught in Alaska	Quality seafood from the pristine Alaskan waters
IQF Pack	Reduces waste and helps control food costs
MSC Certified	Informs customers that the fish they purchased is harvested from a sustainable fishery

Wild Caught & Sustainable

Portico Imperial Flounder is wild caught from the cold waters of Alaska. Fillets are individually quick frozen (IQF) which preserves freshness and helps to eliminate waste by portioning only what you need.
